# INDEX OF *ALCOHOL HEALTH & RESEARCH WORLD*, VOLUME 12

## *Index of Authors*

| A | Number | Pages |
|---|---|---|
| Aitken, S.S. | | |
| Alcohol surveillance program of the Division of Biometry and Epidemiology | 4 | 309-313 |
| Allo, C.D. | | |
| What purchasers of treatment services want from evaluation | 3 | 162-167 |
| Amatetti, S.L. | | |
| Use of computer models to evaluate prevention strategies | 1 | 18-21, 47 |
| Anonymous | | |
| Perspectives (An alcoholic) | 4 | 307-308 |
| **B** | | |
| Bertolucci, D. | | |
| Proposed coding of alcohol's role in casualties | 1 | 48-50 |
| Babor, T.F. | | |
| Comments on the science of treatment research | 4 | 288-291 |
| Bickerton, R.L. | | |
| EAP's: Notes for a history | 4 | 316-321 |
| Blume, S.B. | | |
| Perspectives (A clinician) | 4 | 302-304 |
| Bradley, A.M. | | |
| Keep coming back | 3 | 192-199 |
| Comments on the science of treatment research | 4 | 288-291 |
| Brook, R.C. | | |
| What purchasers of treatment services want from evaluation | 3 | 162-167 |
| Brown, S.A. | | |
| Implications for intervention of family history of alcohol abuse | 2 | 120-124 |
| **C** | | |
| Casement, M.R. | | |
| Economic research and prevention | 1 | 16-17 |
| Getting on top of the bottom line | 1 | 4-7 |
| Out of the darkness | 2 | 114-119, 125 |
| Castell, P.J. | | |
| Focus on women | 2 | 157-159 |
| San Diego conference considers economics and EAP's | 1 | 58 |
| Chatham, L. | | |
| Nurturing an infant science | 4 | 258-261 |
| Coate, D. | | |
| Change in alcoholic beverage prices and legal drinking ages | 1 | 22-25, 59 |
| Colthurst, T. | | |
| California's social model of treatment | 1 | 59 |
| Coombs, D.W. | | |
| Alcohol abuse and economic underdevelopment in Guatemala | 1 | 52-55 |
| Creamer, V.A. | | |
| Implications for intervention of family history of alcohol abuse | 2 | 120-124 |

| D | | |
|---|---|---|
| Deitrich, R.A. | | |
| Drinker's tail | 2 | 98-101 |
| De Miranda, J. | | |
| Public sector and private sector alcoholism treatment | 1 | 40-43 |
| Dufour, M. | | |
| Alcohol surveillance program of the Division of Biometry and Epidemiology | 4 | 309-313 |
| Proposed coding of alcohol's role in casualties | 1 | 48-50 |
| **E-F** | | |
| Erwin, V.G. | | |
| Drinker's tail | 2 | 98-101 |
| Foster, W. | | |
| From the desk of Will Foster, Jr. | 4 | 274-277 |
| Frawley, P.J. | | |
| Defining desirable treatment outcomes | 3 | 210-213 |
| Friedler, G. | | |
| Effects on future generations of paternal exposure to alcohol and other drugs | 2 | 126-129 |
| Fuller, R.K. | | |
| Can treatment outcome research rely on alcoholics' self-reports? | 3 | 180-186 |
| Funkhouser, J.E. | | |
| Winning victories over myths-perceptions | 4 | 278-281 |
| **G** | | |
| Goldman, D. | | |
| Genetic studies on alcoholism at the NIAAA intramural laboratories | 2 | 102-103 |
| Gordis, E. | | |
| Genetic paradigm | 2 | 96-97 |
| Milestones | 4 | 236-239 |
| Gottheil, E. | | |
| What is appropriate treatment duration, and for whom? | 3 | 188-191 |
| Grant, B.F. | | |
| Alcohol surveillance program of the Division of Biometry and Epidemiology | 4 | 309-313 |
| Proposed coding of alcohol's role in casualties | 1 | 48-50 |
| Grant, M. | | |
| Comparing peer-led to teacher-led youth alcohol education in four countries | 4 | 322-326 |
| Grossman, M. | | |
| Change in alcoholic beverage prices and legal drinking ages | 1 | 22-25, 59 |
| **H** | | |
| Haack, M.R. | | |
| Positive family history for alcoholism | 2 | 138-143 |
| Harford, T.C. | | |
| Alcohol surveillance program of the Division of Biometry and Epidemiology | 4 | 309-313 |
| Positive family history for alcoholism | 2 | 138-143 |

| | Number | Pages |
|---|---|---|
| Harner, I.C. | | |
| Alcoholism treatment client and domestic violence | 2 | 150-152, 160 |
| Holder, H.D. | | |
| Beyond Prohibition | 4 | 292-297 |
| Use of computer models to evaluate prevention strategies | 1 | 18-21, 47 |
| Hughes, H. | | |
| Foreword | 4 | 234-235 |
| **K** | | |
| Keller, M. | | |
| On NIAAA | 4 | 269-271 |
| Kuntz, E.J. | | |
| Impaired-driving arrests of women over a 5-year period | 3 | 224-227 |
| **L** | | |
| Lewis, D.C. | | |
| Key issues in treatment outcome studies | 3 | 168-175 |
| Lewis, J.S. | | |
| Congressional rites of passage for the rights of alcoholics | 4 | 240-251 |
| Lieber, C.S. | | |
| Perspectives (A scientist) | 4 | 306-307 |
| Lieberman, L.R. | | |
| Alcohol advertising and adolescent drinking | 1 | 30-33, 43 |
| Logsdon, S.A. | | |
| Disulfiram | 3 | 202-209 |
| Longabaugh, R. | | |
| Key issues in treatment outcome studies | 3 | 168-175 |
| Lowe, J.B. | | |
| Alcohol abuse and economic underdevelopment in Guatemala | 1 | 52-55 |
| Luckey, J.W. | | |
| Justifying alcohol treatment on the basis of cost savings | 1 | 8-15 |
| **M-N** | | |
| Martin, L.M. | | |
| Impaired-driving arrests of women over a 5-year period | 3 | 224-227 |
| McCoy, M.L. | | |
| Impaired-driving arrests of women over a 5-year period | 3 | 224-227 |
| McNichol, R.W. | | |
| Disulfiram | 3 | 202-209 |
| Meyer, R.E. | | |
| Comments on the science of treatment research | 4 | 288-291 |
| Mintzes, B. | | |
| What purchasers of treatment services want from evaluation | 3 | 162-167 |
| Moore, D.T. | | |
| Laboratory research in advance of clinical trials | 3 | 229-233 |
| Theory proposes response to stimuli may identify potential alcoholics | 2 | 154-155 |
| Nathan, P.E. | | |
| Perspectives (An educator/researcher) | 4 | 304-305 |
| **O** | | |
| O'Gorman, P.A. | | |
| Conflict between personal ideology and prevention programs | 4 | 298-301 |
| Olafsdottir, H. | | |
| Drinking patterns and the end of cultural isolation in Iceland | 2 | 144-149 |
| [Correction] | 4 | 326 |
| Olson, L. | | |
| Perspectives (A State alcohol programs director) | 4 | 305 |
| Orlandi, M.A. | | |
| Alcohol advertising and adolescent drinking | 1 | 30-33, 43 |
| **P** | | |
| Pawlowski, A. | | |
| National Alcohol Research Centers program | 4 | 262-267 |
| Nurturing an infant science | 4 | 258-261 |
| Perry, C.L. | | |
| Comparing peer-led to teacher-led youth alcohol education in four countries | 4 | 322-326 |
| Pike, T.R. | | |
| Hearing room dreams and the birth of NIAAA | 4 | 268-269 |
| **R** | | |
| Reich, T. | | |
| Beyond the gene | 2 | 104-107 |
| Riddell, A.M. | | |
| "I never knew there were so many of us" | 2 | 110-113, 124 |
| Ryan, B.E. | | |
| Mini-marts and maxi-problems | 1 | 26-29 |
| **S** | | |
| Segars, L. | | |
| Mini-marts and maxi-problems | 1 | 26-29 |
| Shore, E.R. | | |
| Impaired-driving arrests of women over a 5-year period | 3 | 224-227 |
| Smithers, R.B. | | |
| Making it happen | 4 | 271-272 |
| Spiegler, D.L. | | |
| Positive family history for alcoholism | 2 | 138-143 |
| Stinson, F.S. | | |
| Alcohol surveillance program of the Division of Biometry and Epidemiology | 4 | 309-313 |
| Proposed coding of alcohol's role in casualties | 1 | 48-50 |
| Stoil, M.J. | | |
| Alcohol surveillance program of the Division of Biometry and Epidemiology | 4 | 309-313 |
| Beyond Prohibition | 4 | 292-297 |
| Case of the missing gene | 2 | 130-136 |
| Consumer demand concepts and relapse prediction | 1 | 44-47 |
| Southern peach brandy versus northern hard cider | 1 | 34-39 |
| What is appropriate treatment duration, and for whom? | 3 | 188-191 |
| Straus, R. | | |
| Origins and development of Federal support for alcohol research | 4 | 272-274 |

| | Number | Pages |
|---|---|---|
| Swisher, J.D. | | |
| Evaluating professional counseling in alcoholism treatment | 3 | 176-179 |
| **T** | | |
| Tabakoff, B. | | |
